IMPORTANT: Passengers are responsible for obtaining certain visas before they join the trip.

Whilst Overlanding West Africa will help as much as possible with documents to support your visa applications, it must be stated that there is a limit to how much we can assist.

We can provide you with an official itinerary and a letter of guarantee at no extra cost, but if a letter of invitation is asked for there will be a charge for this. For the more complicated visas we strongly urge you to seek advice from a visa agency to ensure your application is successful.

Please do not apply for any visas until we have been in touch with you (approximately 3 months prior to departure) to give you the exact dates of entry and exit, accommodation details, and the names of the borders we will be crossing at.
